13 January 2017. Türkiye Vakıflar Bankası T.A.O. (the **Issuer**) today announces its invitations to holders (**Noteholders**) of its outstanding US\$900,000,000 6.000 per cent. Subordinated Notes due 2022 (ISIN: XS0849728190 / US90015NAB91) (the **Existing Notes**) to:

- (i) offer to exchange their Existing Notes for U.S. dollar-denominated Fixed Rate Resetable Tier 2 Notes due 2027 and Callable 2022 (the **New Notes**) to be issued by the Issuer (such invitation, the **Exchange Offer**); and/or
- (ii) approve, by Extraordinary Resolution, a modification to the terms and conditions of the Existing Notes to remove certain restrictions on the purchase of Existing Notes by the Issuer (such invitation, the **Proposal**).

The Exchange Offer and the Proposal are made on the terms and subject to the conditions set out in the Exchange Offer and Consent Solicitation Memorandum dated 13 January 2017 (the **Exchange Offer and Consent Solicitation Memorandum**) including, in the case of the Exchange Offer, the offer and distribution restrictions set out below and as more fully described in the Exchange Offer and Consent Solicitation Memorandum.

Rationale for the Exchange Offer and the Proposal

The Issuer wishes to undertake the Exchange Offer and the Proposal as a result of a recent change in Turkish law that has resulted in a reduction of the Issuer's ability to treat all of the Existing Notes as Tier 2 capital in the manner contemplated when the Existing Notes were first issued. By replacing some of the Existing Notes with New Notes, the Issuer will mitigate the impact of this change in law on its Tier 2 capital levels by allowing it to include the New Notes in the calculations of its Tier 2 capital.

The Issuer has obtained the prior approval of the Banking Regulation and Supervision Agency (*Bankacılık Düzenleme ve Denetleme Kurumu*) of Turkey to the completion of the Exchange Offer. Following completion of the Exchange Offer, Existing Notes accepted for exchange by the Issuer pursuant to the Exchange Offer will be cancelled on the Settlement Date.

Completion of the Exchange Offer would involve the 'purchase' of the relevant Existing Notes by the Issuer. However, the terms and conditions of the Existing Notes (the **Existing Note Conditions**) do not currently permit the purchase by the Issuer of Existing Notes before 13 December 2017, the fifth anniversary of the date of issue of the second tranche of the Existing Notes, and the Issuer therefore wishes to undertake the Proposal to permit completion of the Exchange Offer. This restriction will cease to apply with effect on and from 13 December 2017 even if the Proposal is not approved and implemented.

Details of the Exchange Offer

Exchange consideration and Exchange Offer Expiration Deadline

Each Noteholder whose Existing Notes are accepted for exchange pursuant to the Exchange Offer will receive, on the Settlement Date, an aggregate principal amount of New Notes equal to the aggregate principal amount of the Existing Notes accepted for exchange from such Noteholder.

The Issuer will also pay each such Noteholder, on the Settlement Date, an Accrued Interest Payment.

In order to participate in, and be eligible to receive New Notes and the Accrued Interest Payment pursuant to, the Exchange Offer, Noteholders must validly offer Existing Notes for exchange by delivering, or arranging to have delivered on their behalf, a valid Exchange Instruction (and, in the case of DTC Existing Notes, a related Form of Sub-Proxy) that is received by the Exchange and Tabulation Agent by 5.00 p.m. (New York City time) on 25 January 2017 (the **Exchange Offer Expiration Deadline**) and is not subsequently revoked (in the limited circumstances in which such revocation is permitted). The procedures for submission of Exchange Instructions (and, in the case of DTC Existing Notes, related Forms of Sub-Proxy) are described in the Exchange Offer and Consent Solicitation Memorandum.

The New Notes

The New Notes will be issued under the Issuer's US\$7,000,000,000 Global Medium Term Note Program in registered form, in principal amounts of US\$200,000 and integral multiples of US\$1,000 thereafter.

The New Notes will bear interest:

- (i) from (and including) the Settlement Date up to (but excluding) 1 November 2022 (the **Issuer Call Date**), at the rate of 8.00 per cent. per annum (the **New Notes Initial Coupon**); and
- (ii) from (and including) the Issuer Call Date up to (but excluding) 1 November 2027 (the **New Notes Maturity Date**), at a fixed rate equal to the aggregate of (A) the Reset Margin (as defined below) and (B) the 5 Year Mid-Swap Rate (as defined in the New Note Conditions).

Interest on the New Notes will be payable semi-annually in arrear on each of 1 May and 1 November in each year up to and including the New Notes Maturity Date. Accordingly, there will be a short first coupon for the short interest period from (and including) the Settlement Date up to (but excluding) the interest payment date on 1 May 2017.

The New Note Conditions will contain further provisions regarding interest payable on the New Notes in the case of any Write-Down (as defined in the New Note Conditions) of the New Notes.

The **Reset Margin** for the New Notes, to the extent the Issuer decides to accept valid offers of Existing Notes for exchange pursuant to the Exchange Offer, will be calculated at or around 11.00 a.m. (New York City time) on the Business Day following the Exchange Offer Expiration Deadline (the time of such calculation, the **Reset Margin Pricing Time**) by subtracting the Interpolated Pricing Time Mid-Swap Rate from the New Notes Initial Coupon and rounding the resulting figure to the nearest 0.001 per cent. (with 0.0005 per cent. rounded upwards).

Final Acceptance Amount and Scaling

If the Issuer decides to accept any offers of Existing Notes for exchange pursuant to the Exchange Offer, the Issuer currently proposes to accept for exchange up to US\$650,000,000 in aggregate principal amount of Existing Notes, subject to the right of the Issuer, in its sole discretion, to increase or decrease such amount (the final aggregate principal amount of Existing Notes accepted for exchange pursuant to the Exchange Offer being the **Final Acceptance Amount**).

If the Issuer decides to accept any Existing Notes for exchange pursuant to the Exchange Offer and the aggregate principal amount of Existing Notes validly offered for exchange is greater than the Final Acceptance Amount, the Issuer intends to accept such Existing Notes for exchange on a *pro rata* basis such that the aggregate principal amount of Existing Notes accepted for exchange pursuant to the Exchange Offer is no greater than the Final Acceptance Amount, as more fully described in the Exchange Offer and Consent Solicitation Memorandum.

Valid Exchange Instructions (or, where applicable, valid Forms of Sub-Proxy) will, unless validly revoked (in the limited circumstances in which such revocation is permitted), result in the appointment of one or more representatives of the Exchange and Tabulation Agent as the relevant Noteholder's proxy to attend and vote in favour of the Extraordinary Resolution at the Meeting in respect of the full principal amount of Existing Notes represented by the relevant Exchange Instruction (or, where applicable, Form of Sub-Proxy). Such appointment will be valid for the purposes of the Meeting, even if the Existing Notes represented by the relevant Exchange Instruction (or, where applicable, Form of Sub-Proxy) are only accepted on a *pro rata* basis as a result of scaling of offers of Existing Notes for exchange or if the Issuer terminates the Exchange Offer (but not the Proposal) or otherwise decides not to accept for exchange any Existing Notes in the Exchange Offer. In such circumstances, the relevant Noteholder may be eligible to receive the Consent Fee in respect of those Existing Notes not accepted by the Issuer for exchange pursuant to the Exchange Offer, as described in the Exchange Offer and Consent Solicitation Memorandum.

Consent Condition

Whether the Issuer will accept for exchange Existing Notes validly offered in the Exchange Offer is subject, without limitation, to the passing of the Extraordinary Resolution and the implementation of the Proposal (the **Consent Condition**).

No Minimum New Issue Size

The Exchange Offer is not conditional on the issuance of a minimum aggregate principal amount of New Notes by the Issuer.

Details of the Proposal

In addition to the Exchange Offer, the Issuer is also inviting all Noteholders to approve a modification to the Existing Note Conditions by way of the deletion of the words "(but not before the fifth anniversary of the New Issue Date)" from Condition 7.4 of the Existing Note Conditions, so that such Condition 7.4 would instead read as follows:

"7.4 Purchases / Assignments

Pursuant to Article 8 of the BRSA Regulation, the Notes shall not be assigned and/or transferred to, or for the benefit of, any of the Issuer's affiliates or subsidiaries (as contemplated in the Banking Law (Law No. 5411)). The Issuer, to the extent permitted by applicable laws and subject to having obtained the prior approval of the BRSA, may at any time purchase the Notes in any manner and at any price."

Noteholders should refer to the Notice and the draft Existing Notes Supplemental Agency Agreement for full details of the manner in which the Existing Note Conditions will be modified as referred to above.

The "fifth anniversary of the New Issue Date", as referred to in Condition 7.4 of the Existing Note Conditions, is 13 December 2017, and accordingly this restriction will cease to apply with effect on and from such date even if the Proposal is not approved and implemented.

Notice (the **Notice**) of a meeting (the **Meeting**) of the Noteholders to be held at the offices of Mayer Brown International LLP at 201 Bishopsgate, London EC2M 3AF, United Kingdom at 10.00 a.m. (London time) on 8 February 2017 has been given to Noteholders in accordance with the Existing Note Conditions on the date of this announcement. At the Meeting, Noteholders will be asked to consider and, if thought fit, approve, an extraordinary resolution as set out in the Notice which will provide the necessary authority to enable the Issuer to implement the Proposal.

The implementation of the Extraordinary Resolution, if passed, is not conditional on the acceptance for exchange by the Issuer of the Existing Notes that have been validly offered for exchange pursuant to the Exchange Offer.

Consent Fee

Any Noteholder who does not wish, or who is not able, to offer its Existing Notes for exchange pursuant to the Exchange Offer may be eligible, to the extent permitted by applicable laws, to receive an amount, in cash, equal to 0.05 per cent. of the principal amount of their Existing Notes (the **Consent Fee**).

In order to be eligible for the Consent Fee, such Noteholders must deliver, or arrange to have delivered on their behalf, a valid Voting Only Instruction in favour of the Proposal that is received by the Exchange and Tabulation Agent by 5.00 p.m. (New York City time) on 25 January 2017 (the **Consent Fee Deadline**). The procedures for submission of Voting Only Instructions are described in the Exchange Offer and Consent Solicitation Memorandum. Eligibility for the Consent Fee is subject in each case to the relevant Voting Only Instruction not being subsequently revoked (in the limited circumstances in which such revocation is permitted).

Payment of the Consent Fee is conditional on the passing of the Extraordinary Resolution and the execution of the Existing Notes Supplemental Agency Agreement.

General

Exchange Instructions may only be submitted in respect of a minimum principal amount of Existing Notes of US\$200,000, being the minimum denomination of the Existing Notes, and may be submitted in integral multiples of US\$1,000 thereafter. Voting Only Instructions may be submitted in respect of any integral multiple of US\$1,000.

Exchange Instructions and Voting Only Instructions will (subject to applicable law and the Agency Agreement) be irrevocable, except in the limited circumstances described in the Exchange Offer and Consent Solicitation Memorandum.

By validly offering Existing Notes for exchange in the Exchange Offer (in the case of DTC Existing Notes, with the related Form of Sub-Proxy) or submitting a Voting Only Instruction, a Noteholder will automatically give instructions for the appointment of one or more representatives of the Exchange and Tabulation Agent as that Noteholder's proxy to vote (i) in the case of Exchange Instructions (and, in the case of DTC Existing Notes, related Forms of Sub-Proxy), in favour of, or (ii) in the case of Voting Only Instructions, in favour of or against, as specified in the relevant Voting Only Instruction, the Extraordinary Resolution at the Meeting. It will not be possible to validly offer Existing Notes for exchange in the Exchange Offer or to validly submit Voting Only Instructions without at the same time giving such instructions.
